# 1. Login Process

## Public User

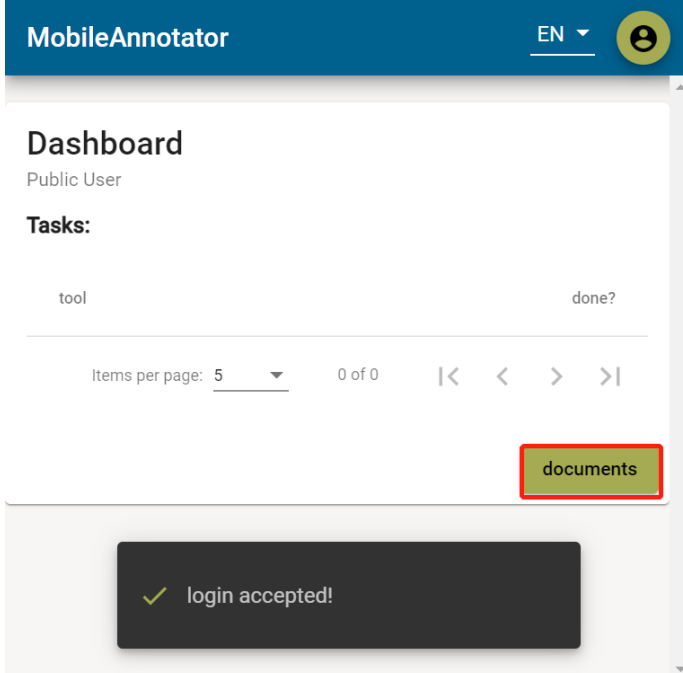

E.g. Login as a guest.

- Step 1. Users without an account can access the annotator with press “guest login”.

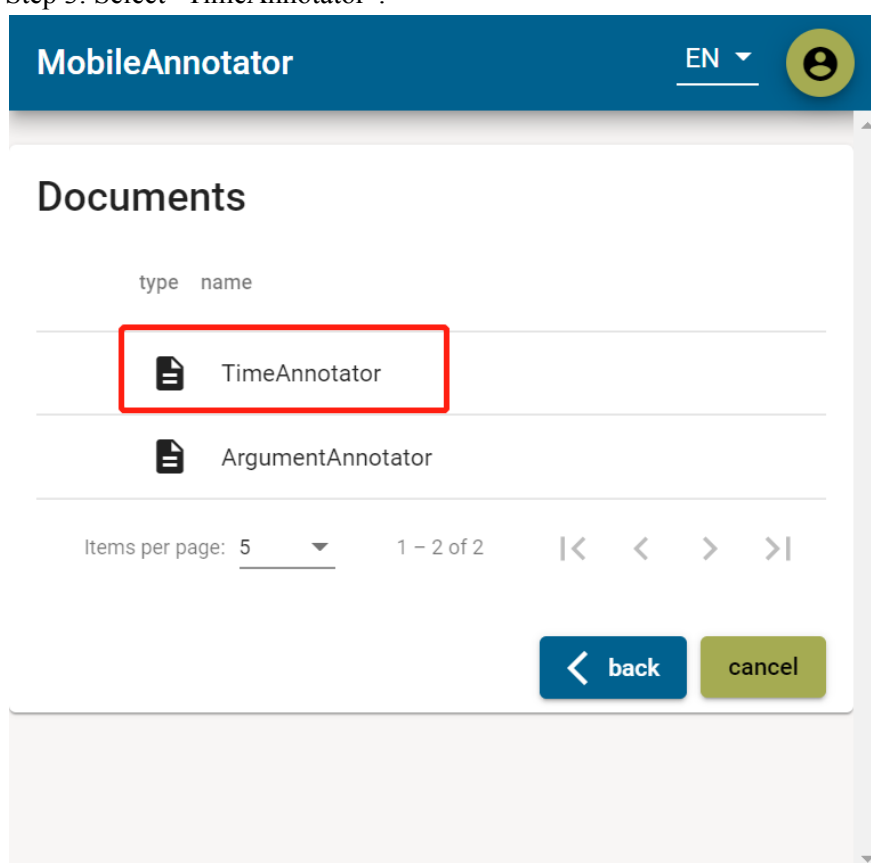

The screenshot shows the MobileAnnotator application's sign-in interface. At the top, there is a blue header bar with the text "MobileAnnotator", a language dropdown set to "EN", and a user profile icon. Below the header is a white "sign in" form. The form contains two input fields: "username \*" and "password \*". At the bottom of the form are two buttons: a grey "login" button and a green "guest login" button, which is highlighted with a red rectangular box.

- Step 2. At the dashboard page left click the “Document” button.

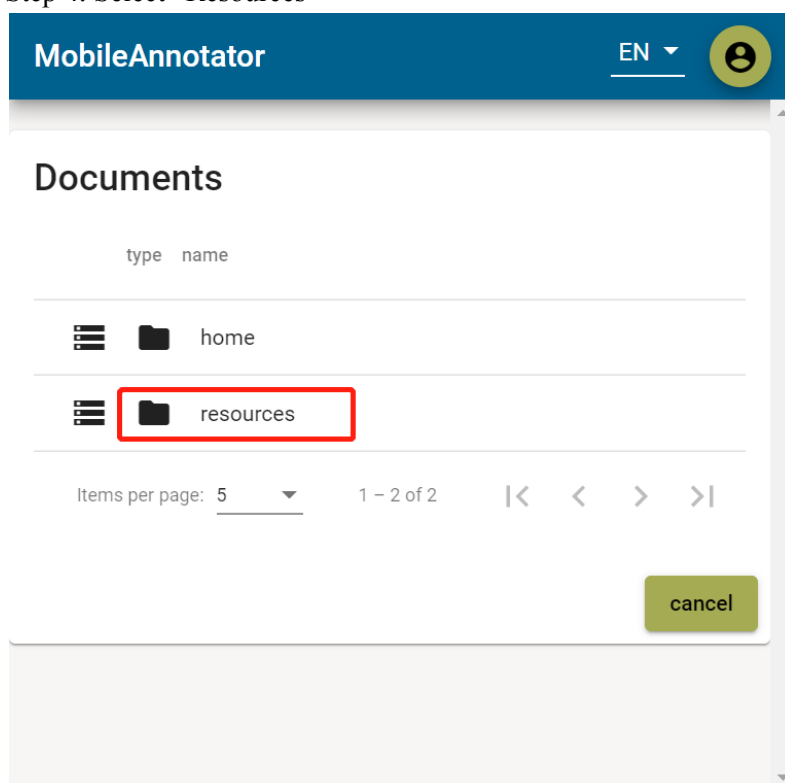

The screenshot shows the MobileAnnotator application's dashboard. The top blue header bar is identical to the previous screen. Below the header, the page is titled "Dashboard" for a "Public User". Under the heading "Tasks:", there is a table with two columns: "tool" and "done?". Below the table is a pagination bar showing "Items per page: 5", "0 of 0", and navigation arrows. A green "documents" button is highlighted with a red rectangular box. At the bottom of the screen, a dark grey notification box displays a green checkmark and the text "login accepted!".

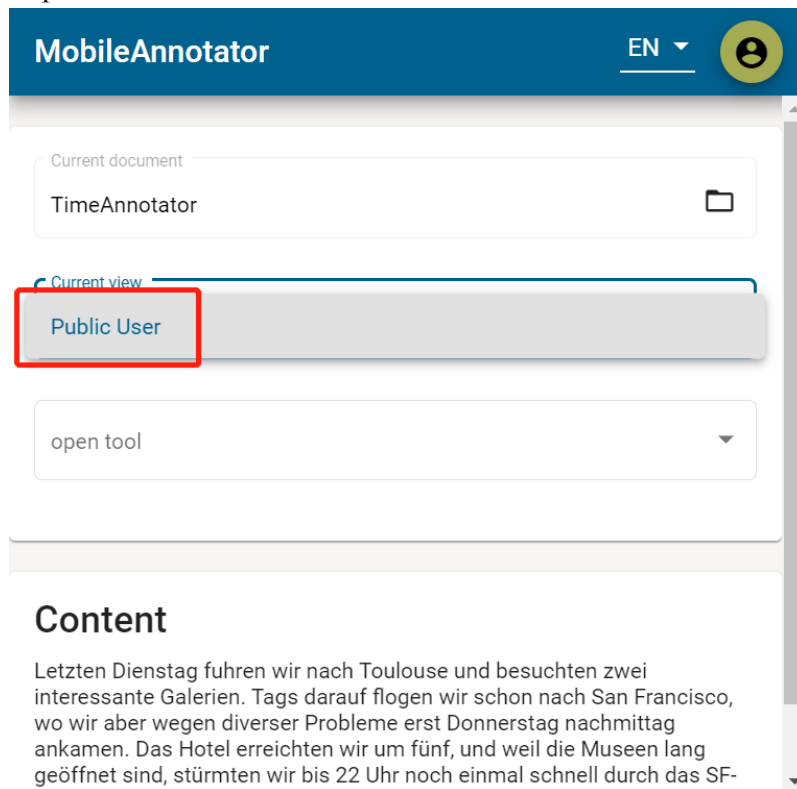

- Step 3. Select “TimeAnnotator”.

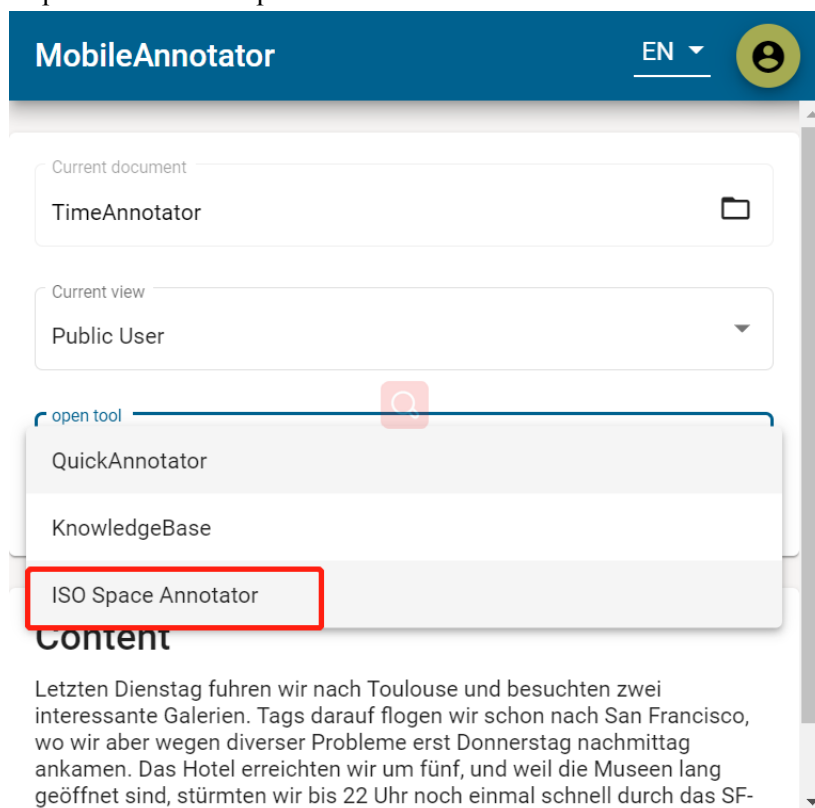

- Step 4. Select “Resources”

Step 5. Select “Public User”

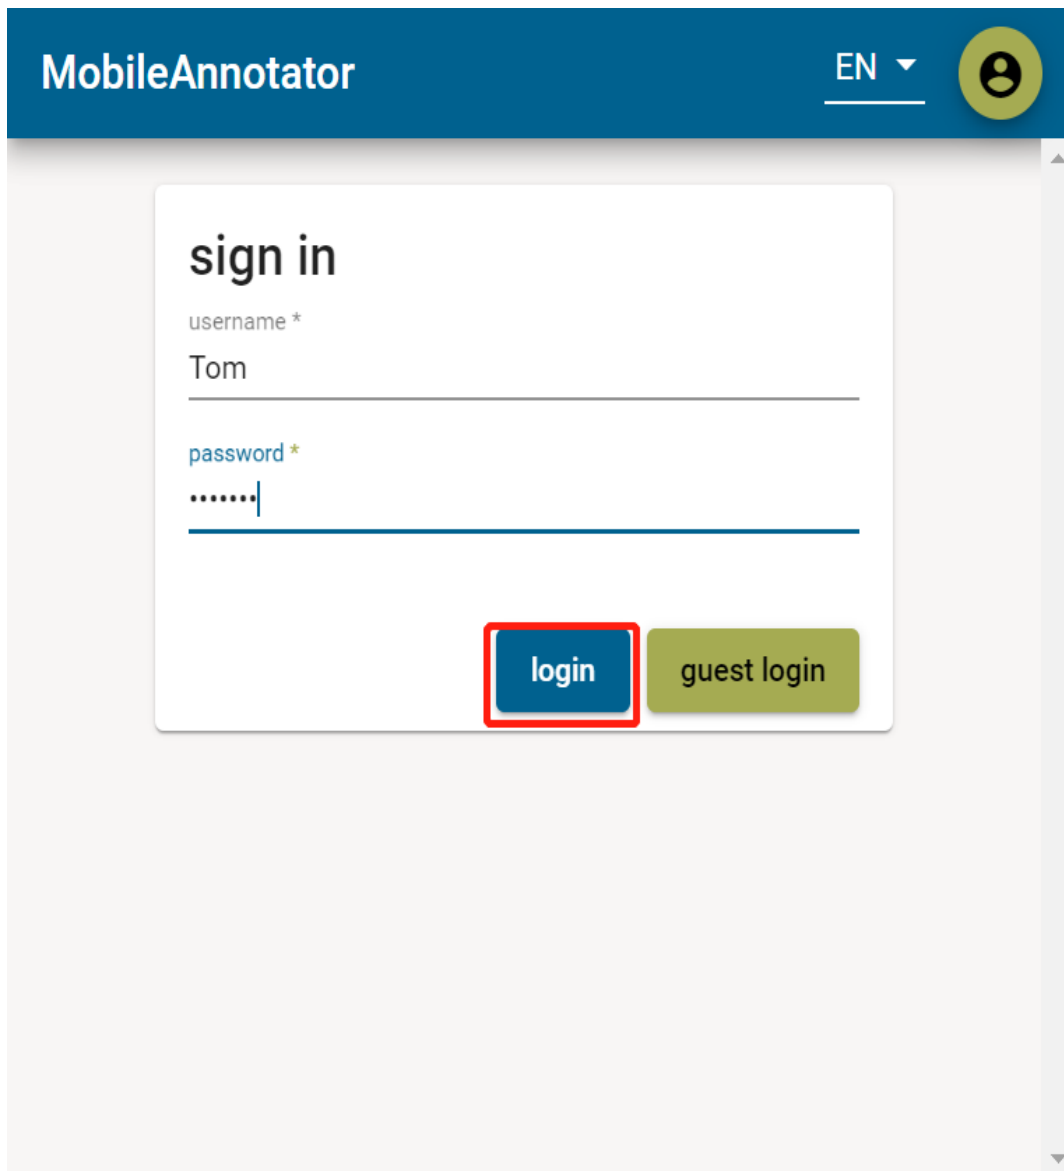

Step 6. Select “ISO Space Annotator”.

User with an Account

E.g. Login with an account.

Input username and password, left click “login”.

The image shows a web interface for 'MobileAnnotator'. At the top is a dark blue header with the text 'MobileAnnotator' on the left, 'EN' with a dropdown arrow in the center, and a circular profile icon on the right. Below the header is a light gray background. In the center is a white rounded rectangle containing the 'sign in' form. The form has the title 'sign in' in bold. Below it are two input fields: 'username \*' with the text 'Tom' and 'password \*' with masked characters '.....'. At the bottom of the form are two buttons: a blue 'login' button with a red border and a green 'guest login' button.

## 2. Add Entities

E.g. add an event entity after “schon”

Step 1. Left click “schon”.

Step 2 Select the arrow after “Event”.

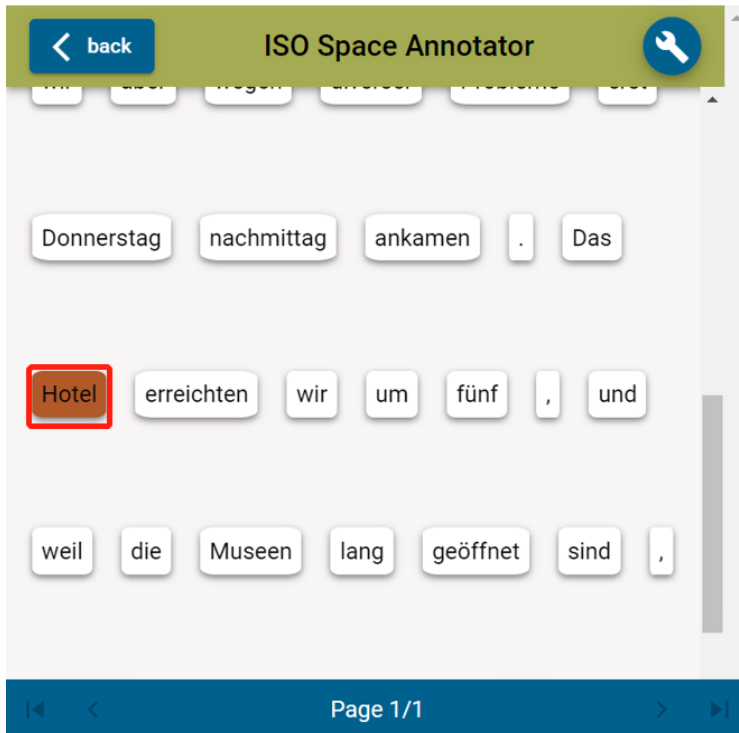

The result is shown below.

### 3. Add Attributes

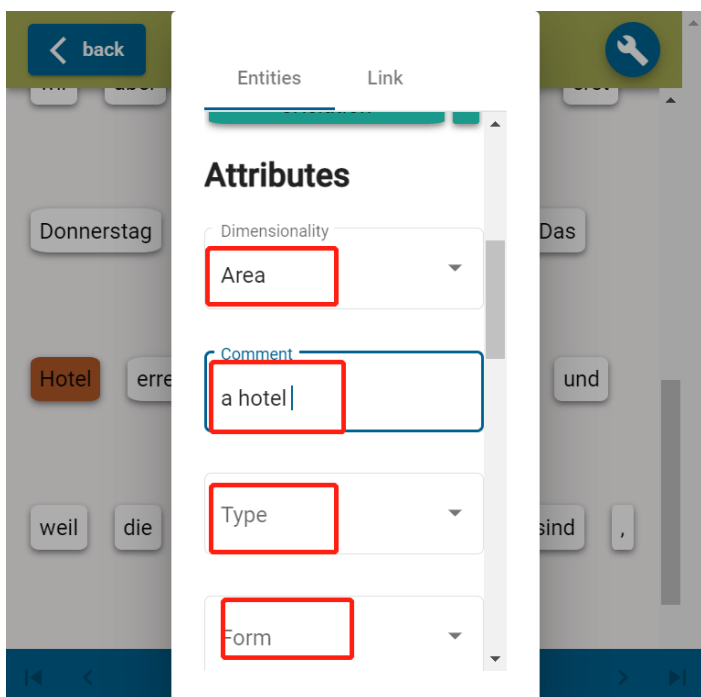

E.g. Add attributes for “Hotel”.

Step 1. Left click “Hotel”.

Step 2. Scroll down, select “Area” as Dimensionality and input “a hotel” as Comment .

The result is shown below.

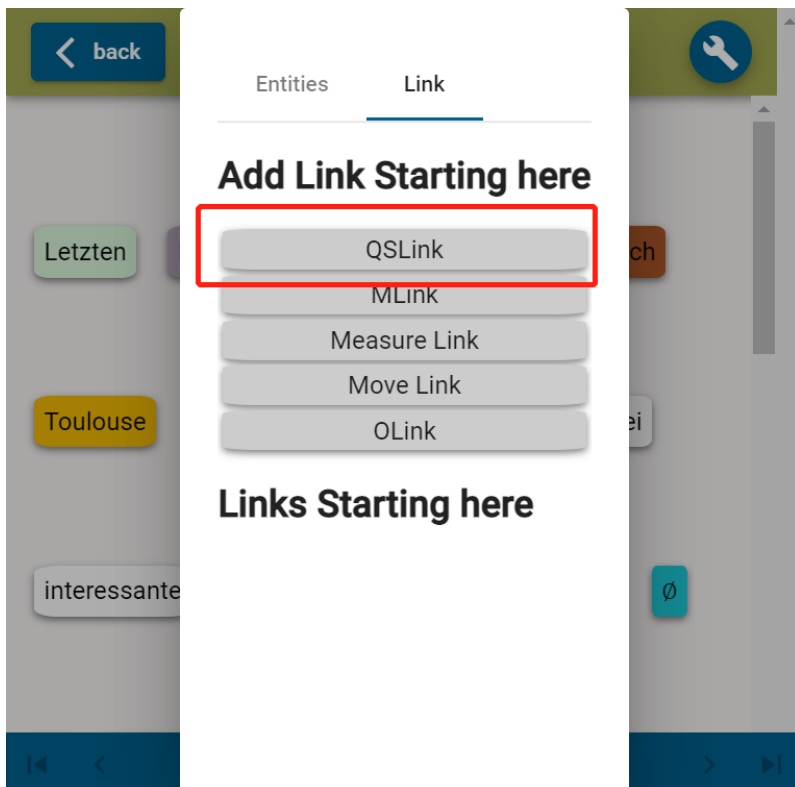

## 4. Add a Link

E.g. Add a QSLink between “Letzten” and “Dienstag”.

Step 1. Left click the start of the link “Letzten”.

Step 2. Select “QSLink”.

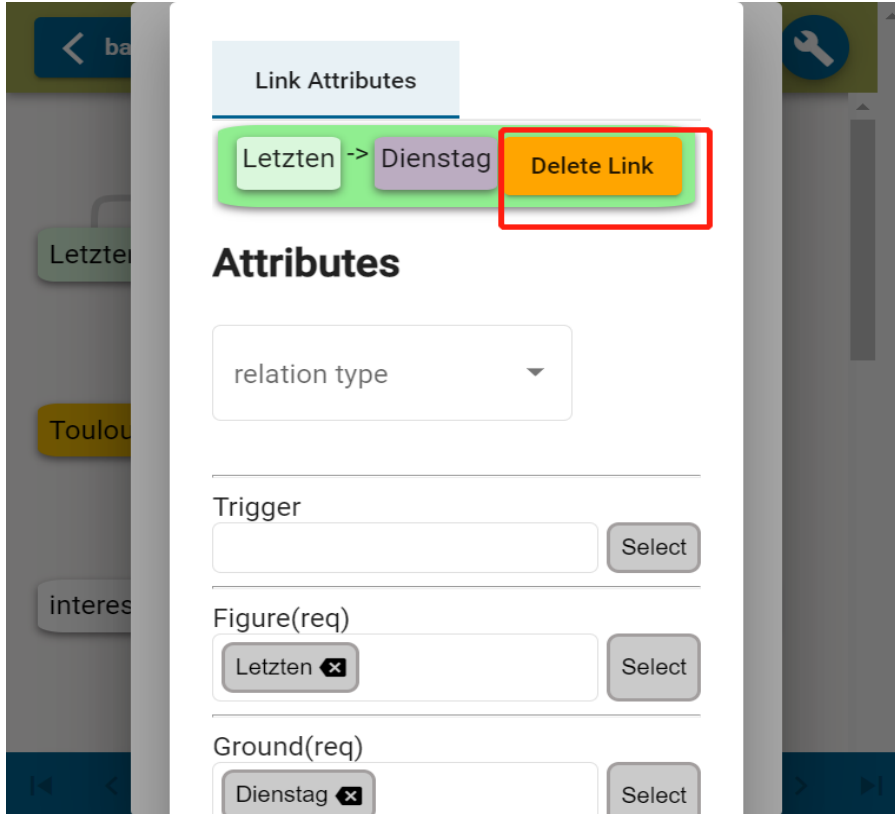

Step 3. Select the End for QSLink.

## 5. Delete a Link

E.g. Delete the QSLink between “Letzten” and “Dienstag”.

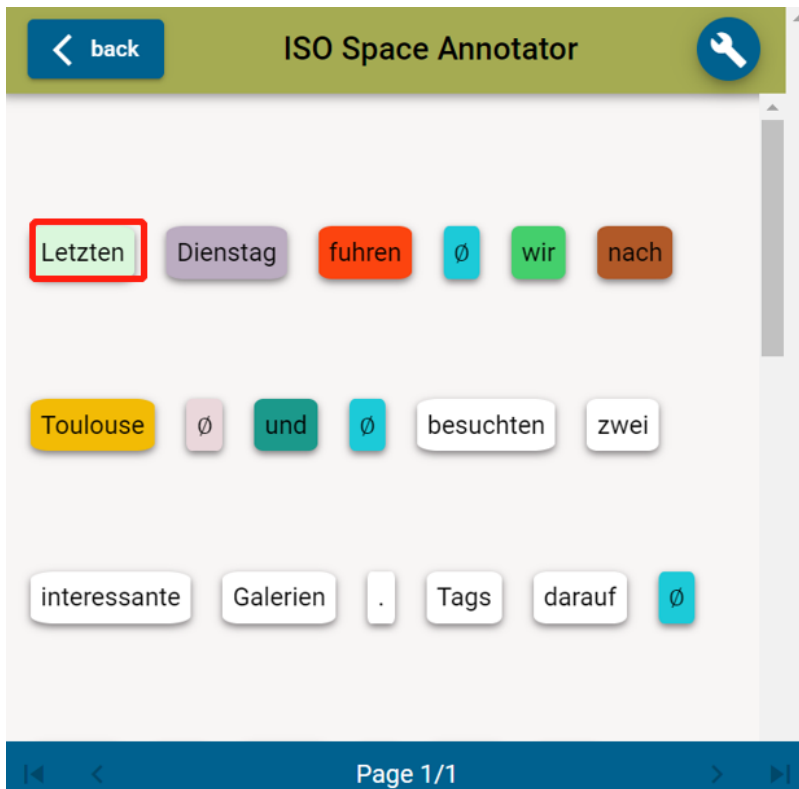

Left click “Delete Link”.

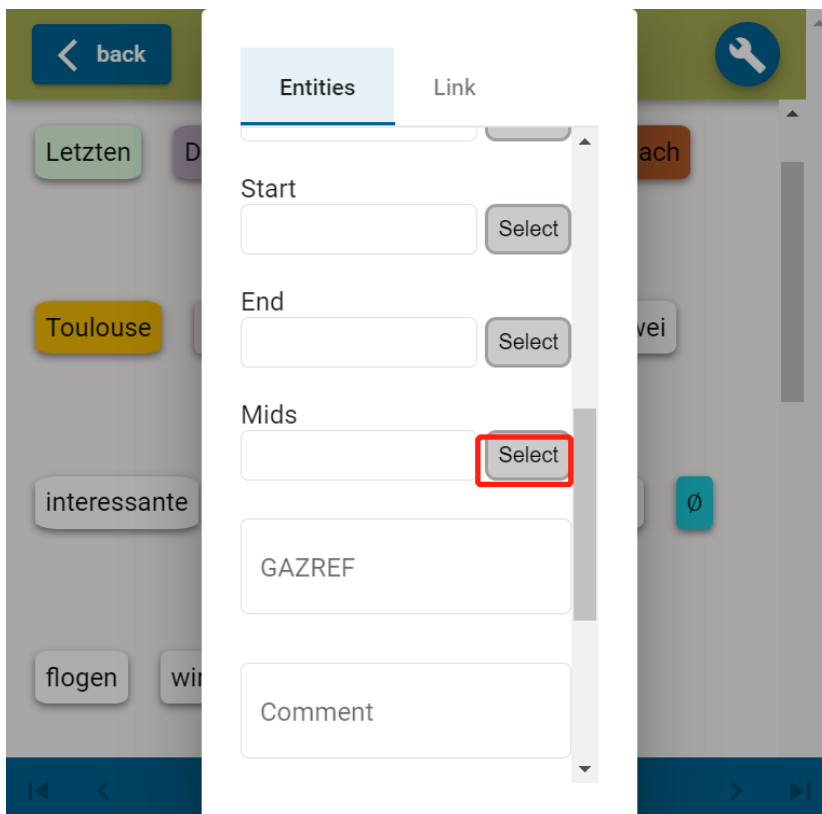

## 6. Multi Selection

E.g. Select “nach” and “San” as Mids for “Letzten”.

Step1. Left click “Letzten”.

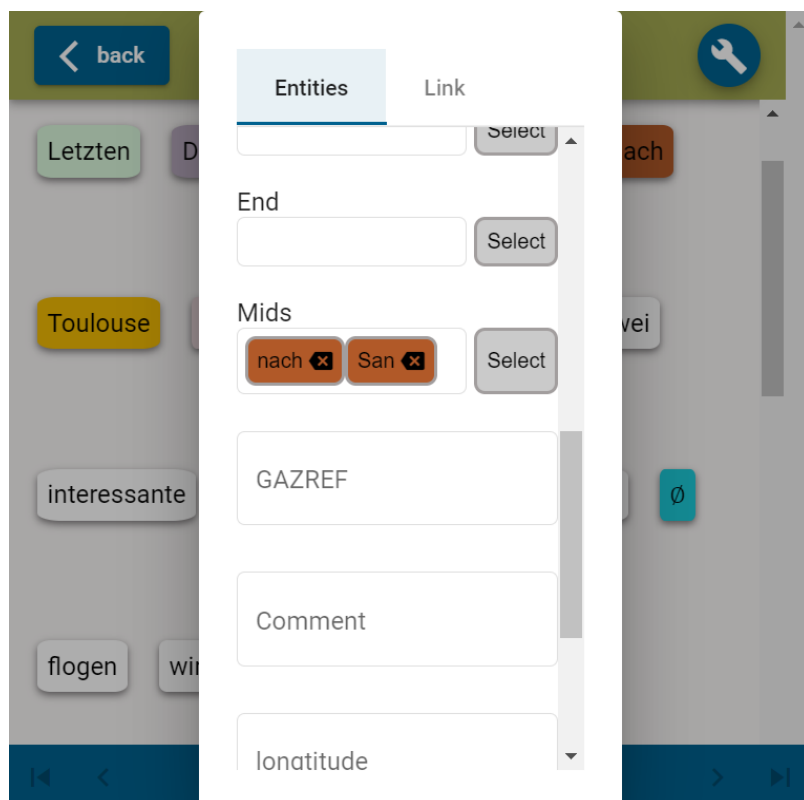

Step 2. Scroll down and find “Mids” attribute.

Step 3. Select “nach” and “San” separately.

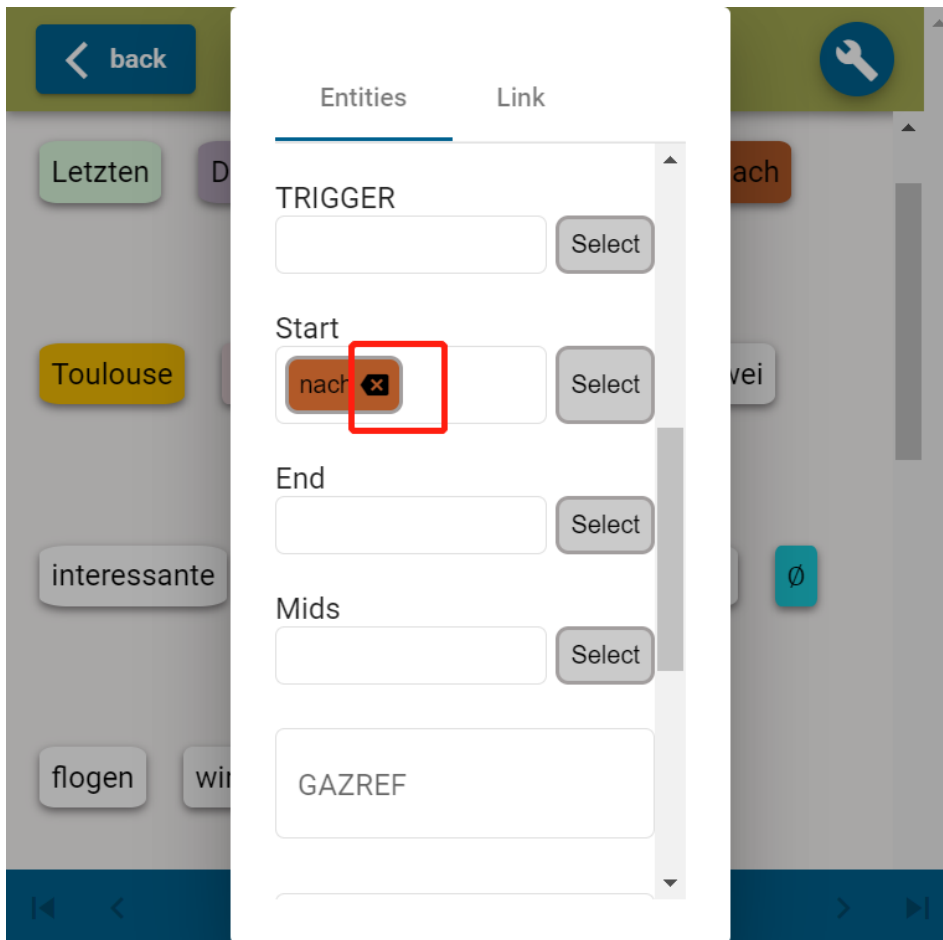

The result is shown below.

## 7. Delete a Selection

E.g. Delete the start attribute “nach”.

Left click the cross at the end of “nach”.

## 8. Filter View

E.g. Show all the “Motion” attribute.

Step 1. Left click the “wrench” button at the top right corner.

Step 2. Select filter.

Step 3. Select “Motion”.

Step 4. Select “Accept”.

The result is shown below.

The screenshot displays the 'ISO Space Annotator' web application. The interface has a green header bar with a 'back' button on the left and a settings icon on the right. The main content area shows three rows of words, each in a colored box. The first row contains 'Letzten' (green), 'Dienstag' (purple), 'fahren' (red), 'Ø' (light blue), 'wir' (green), and 'nach' (brown). The second row contains 'Toulouse' (yellow), 'Ø' (pink), 'und' (teal), 'Ø' (light blue), 'besuchten' (red), and 'zwei' (white). The third row contains 'interessante' (white), 'Galerien' (white), '.', 'Tags' (white), 'darauf' (white), and 'Ø' (light blue). A vertical scrollbar is on the right side of the main content area. The footer is a dark blue bar with navigation icons and the text 'Page 1/1'.
